<b>Foreword</b> .....	xiii
<b>Preface</b> .....	xv
<b>Acknowledgment</b> .....	xvii
<b>Section I: Embryonic Period</b> .....	1
<b>1. Prefertilization and Gametogenesis</b> .....	3
<b>1.1 Gametogenesis and Fertilization</b> .....	3
1.1.1 Key Principles.....	3
<b>1.2 Gametogenesis</b> .....	3
1.2.1 Mitosis .....	3
1.2.2 Meiosis and Gamete Maturation .....	4
<b>1.3 Spermatogenesis</b> .....	5
1.3.1 Spermatogenesis.....	5
1.3.2 Ejaculation and Functional Maturation of Sperm .....	5
<b>1.4 Oogenesis</b> .....	7
1.4.1 Oogenesis: Preovulation Steps .....	7
1.4.2 Oogenesis: Ovulation Steps.....	8
<b>1.5 Menstrual Cycle</b> .....	8
<b>1.6 Fertilization</b> .....	10
1.6.1 Fertilization Steps .....	10
<b>1.7 Cleavage and Preimplantation</b> .....	12
<b>1.8 Implantation</b> .....	12
1.8.1 Bilaminar Disc Formation .....	12
<b>1.9 Extraembryonic Tissue Development</b> .....	14
1.9.1 Amnion .....	14
1.9.2 Yolk Sac.....	14
<b>1.10 Establishing Uterine–Fetal Circulation</b> .....	16
<b>References</b> .....	20
<b>2. Gastrulation and Embryonic Folding</b> .....	21
<b>2.1 Key Principles</b> .....	21
<b>2.2 Gastrulation and Establishing Body Axis</b> .....	21
2.2.1 Trilaminar Disc Formation and Embryonic Tissue Development.....	23
<b>2.3 Gastrulation Cell Fates</b> .....	23
2.3.1 Early Primitive Streak Stage .....	23
2.3.2 Mid-primitive Streak Stage .....	24
2.3.3 Gastrulation Endpoint.....	26
<b>2.4 Embryonic Folding</b> .....	26
2.4.1 Cranial–Caudal Folding.....	29
2.4.2 Lateral Folding .....	29
2.4.3 Germ Layer Fates Following Folding .....	29
<b>2.5 Embryonic Cavities and Spaces</b> .....	29
2.5.1 Intraembryonic Coelom.....	29
2.5.2 Divisions of the Intraembryonic Coelom Following Folding.....	29
2.5.3 Dividing the Future Thoracic and Abdominopelvic Cavities.....	29
2.5.4 Pericardial Sac and Pleural Cavities .....	31
2.5.5 Abdominopelvic Cavities.....	32
<b>References</b> .....	36

<b>3. Placental and Support of Fetal Development</b> .....	37		
3.1 Key Principles .....	37	<b>3.4 Placental Support of Fetal Growth</b> .....	38
3.2 Structure of the Placenta .....	37	3.4.1 Placental Factors and Fetal Growth Influencers .....	38
3.3 Placenta as a Barrier: Pregnancy and Fetal Substance Exchange .....	37	3.4.2 Amniotic Fluid .....	38
3.3.1 Antibodies .....	37	3.4.3 Twinning .....	38
3.3.2 Pathogens .....	38		
3.3.3 Teratogens .....	38	<b>Section I: Questions and Answers</b> .....	43
<b>Section II: Bodywide System Development</b> .....	47		
<b>4. Integumentary System Development</b> .....	49		
4.1 Key Principles .....	49	4.3.3 Mammary Glands .....	51
4.2 Skin Development .....	49	<b>4.4 Nail Development</b> .....	52
4.2.1 Epidermis .....	49	4.4.1 Hair Development .....	52
4.2.2 Dermis .....	50	<b>4.5 Teeth Development</b> .....	53
4.3 Gland Development .....	50	<b>References</b> .....	55
4.3.1 Sweat Glands .....	50		
4.3.2 Sebaceous Glands .....	50		
<b>5. Vascular System Development</b> .....	57		
5.1 Key Principles .....	57	5.4.2 Arterial System: Lower Neck and Superior Thorax .....	62
5.2 Vascular Development .....	57	5.4.3 Venous Drainage: Head, Neck, and Superior Thorax (Superior Vena Cava) .....	63
5.2.1 Vasculogenesis .....	57	5.4.4 Venous Drainage: Thoracic Body Wall (Inferior Vena Cava) .....	64
5.2.2 Hematopoiesis .....	57	<b>5.5 Embryonic and Fetal Abdominopelvic Vascular Supply</b> .....	64
5.3 Embryonic Circulatory System Organization .....	59	5.5.1 Arterial Supply: Abdomen .....	64
5.3.1 Arterial System .....	59	5.5.2 Arterial Supply: Urinary .....	66
5.3.2 Venous System .....	60	5.5.3 Venous Drainage: Abdominopelvic .....	68
5.4 Embryonic and Fetal Head, Neck, and Thorax Vascular Supply .....	60	<b>5.6 Lymphatic System Development</b> .....	69
5.4.1 Arterial System: Head and Superior Neck .....	60	<b>References</b> .....	77

<b>6. Skeletal System Development</b> .....	79		
6.1 Key Principles .....	79	6.2.3 Appendicular Skeleton .....	85
6.2 Skeletal Development: Early Events .....	79	References .....	86
6.2.1 Bone Formation .....	79		
6.2.2 Axial Skeleton .....	80		
<b>7. Muscular System Development</b> .....	87		
7.1 Key Principles .....	87	7.4 Smooth Muscle .....	89
7.2 Skeletal Muscle .....	87	Reference .....	89
7.3 Cardiac Muscle .....	88		
<b>8. Nervous System Development</b> .....	91		
8.1 Key Principles .....	91	8.3.3 Development of Brain Structures .....	99
8.2 Early Events .....	91	8.3.4 Late Brain Development .....	100
8.2.1 Neurulation .....	91	8.4 Peripheral Nervous System Development ...	101
8.2.2 Neural Crest Cells .....	93	8.5 Eye Development .....	104
8.3 Formation of the Central Nervous System .....	94	References .....	108
8.3.1 Development of the Brain Ventricles .....	96	Section II: Questions and Answers .....	109
8.3.2 Spinal Cord Development .....	97		
<b>Section III: Regional Anatomy Development</b> .....	119		
<b>9. Head and Neck Development</b> .....	121		
9.1 Key Principles .....	121	9.5 Development of the Ear and Auditory System (Contributions from Arches 1 and 2, Pouch 1, and Cleft 1) .....	128
9.2 The Brain and Eye .....	121	9.5.1 Development of the Auditory Canal and Middle Ear .....	128
9.2.1 Development of the Brain .....	121	9.5.2 Development of the Inner Ear .....	128
9.3 Overview of the Pharyngeal Apparatus .....	122	9.5.3 Development of the External Ear .....	128
9.3.1 Pharyngeal Arches .....	122	9.5.4 Development of the Neck Region (Contributions from Arches 2, 3, 4, and 6, and Pouches 2 to 5) .....	130
9.3.2 Pharyngeal Clefts, Pouches, and Membranes .....	125	9.6 Development of Facial Features (Oral and Nasal Cavity Development) .....	132
9.4 Facial Development Inferior to the Orbit (Contributions from Arches 1 and 2) .....	125		

9.6.1	Oral and Nasal Region Development and Separation .....	132	<b>9.7</b>	<b>Cranial Vault and Scalp Development</b> .....	138
9.6.2	Development of the Sinuses .....	134	<b>9.8</b>	<b>Conclusion</b> .....	138
9.6.3	Tongue Development .....	135		<b>References</b> .....	141
9.6.4	Thyroid Development (Outgrowth of Gut Tube Endoderm) .....	136			
<b>10.</b>	<b>Thoracic Region Development</b> .....	143			
<b>10.1</b>	<b>Key Principles</b> .....	143	10.4.6	Heart Valve Formation .....	152
<b>10.2</b>	<b>Introduction</b> .....	143	10.4.7	Conduction System and Heart Innervation .....	153
<b>10.3</b>	<b>Development of the Thoracic Cavity</b> .....	144	10.4.8	Summary of Cardiovascular Development .....	155
10.3.1	Development of the Diaphragm .....	144	<b>10.5</b>	<b>Development of the Respiratory System</b> ....	155
10.3.2	Separation of the Pleural and Pericardial Spaces .....	145	10.5.1	Early Events .....	155
<b>10.4</b>	<b>Development of the Cardiac System</b> .....	145	10.5.2	Development of the Trachea .....	156
10.4.1	Early Heart Development and Primitive Heart Fields .....	145	10.5.3	Development of the Bronchial Passageways .....	156
10.4.2	Heart Tube Expansion and Folding .....	146	10.5.4	Periods of Lung Development .....	156
10.4.3	Fetal vs. Newborn/Adult Circulation .....	148	10.5.5	Lung Aeration at Birth .....	157
10.4.4	Heart Septation .....	150		<b>References</b> .....	169
10.4.5	Atrial Septation .....	150			
<b>11.</b>	<b>Abdominopelvic Region Development</b> .....	171			
<b>11.1</b>	<b>Key Principles</b> .....	171	<b>11.6</b>	<b>Development of the Enteric Nervous System</b> .....	188
<b>11.2</b>	<b>Introduction</b> .....	171	<b>11.7</b>	<b>Development of the Urogenital System</b> ....	189
<b>11.3</b>	<b>Gastrointestinal System Development</b> .....	174	11.7.1	Early Events .....	189
11.3.1	Development of the Foregut .....	175	11.7.2	Upper Urinary System .....	189
11.3.2	Development of the Midgut .....	180	11.7.3	Kidney Position and Lobulation .....	193
11.3.3	Hindgut Development .....	181	11.7.4	Renal Vasculature .....	193
<b>11.4</b>	<b>Mesenteries and Peritoneum</b> .....	182	11.7.5	Suprarenal Gland Development .....	193
11.4.1	Defining Peritoneal Relationships of Abdominopelvic Viscera .....	184	11.7.6	Lower Urinary System Development .....	195
11.4.2	Foregut Mesentery .....	185	<b>11.8</b>	<b>Development of the Reproductive System</b> ..	196
11.4.3	Midgut Mesentery .....	187	11.8.1	Sex Determination .....	196
11.4.4	Hindgut Mesentery .....	187	11.8.2	Indifferent Stage .....	197
<b>11.5</b>	<b>Histological Development of the Gastrointestinal Tract</b> .....	187	11.8.3	Gonad Development .....	197
			11.8.4	Genital Duct Development .....	199
			11.8.5	External Genitalia Development .....	202
				<b>References</b> .....	225

<b>12. Limb Development</b> .....	227		
<b>12.1 Key Principles</b> .....	227	<b>12.4 Limb Tissue Development</b> .....	230
<b>12.2 Early Events</b> .....	227	12.4.1 Development of Limb Bones.....	230
		12.4.2 Development of Limb Muscles.....	230
<b>12.3 Limb Growth and Rotation</b> .....	228	12.4.3 Development of Limb Vessels.....	231
		12.4.4 Development of Limb Nerves.....	232
12.3.1 Formation of Hands and Feet.....	228	<b>References</b> .....	238
12.3.2 Limb Rotation.....	228	<b>Section III: Questions and Answers</b> .....	239
12.3.3 Limb Axes.....	229		
<b>Index</b> .....			257
